

SOLO SAILING WEEKEND

When not enjoying the open sea and learning to sail, enjoy a three-night stay in our luxurious accommodations featuring contemporary décor and furnishings. Guestrooms feature original architectural elements including heart pine floors, high ceilings, period millwork details and classic piazzas.

The Solo Sailing Weekend Package is for those who can't get enough time out on Charleston's harbor and surrounding waters. With offerings for all levels of experience, classes are taught by US Sailing Certified instructors and focus on both education and enjoyment. Classes can be completely customized and range from basic keelboat courses to ocean passage courses, teaching you to sail competently and confidently, with 95% of instruction taking place on the water.

Keelboat 1 and Keelboat 2 classes are two days each and can be combined.
